Salaries	First Names	Candles	Planets
\$101,000			
\$122,000			
\$145,000			
\$199,000			

1. The employee with the \$145,000 salary didn't observe Venus through their telescope.
2. The person who lit the apple spice candle earns more than Carolina.
3. Of Carolina and Summer, one earns \$101,000 per year and the other lit the apple spice candle.
4. Either the employee with the \$199,000 salary or the employee with the \$101,000 salary lit the juniper berry candle.
5. The astronomer who pointed their telescope at Venus is Summer.
6. The astronomer who pointed their telescope at Mercury lit the vanilla candle.
7. The astronomer who pointed their telescope at Jupiter is not Ariel or Carolina.
8. Jayden earns less than the person who lit the juniper berry candle.
