Hospital Bills	First Names	Instruments	Rooms
\$370			
\$730			
\$1230			
\$1690			
\$1820			

1. Of Serena and Jamari, one has the \$730 hospital bill and the other is renovating their living room.
2. The musician who plays the flute is Jenna.
3. Jenna owes less money than the musician who plays the xylophone.
4. Either the patient with the \$370 hospital bill or the patient with the \$1820 hospital bill is renovating their kitchen.
5. The musician who plays the trombone is not Rebekah.
6. The patient with the \$1820 hospital bill doesn't play the xylophone.
7. Serena isn't renovating their office or living room.
8. The homeowner who is renovating their kitchen is not Jamari.
9. The homeowner who is renovating their kitchen plays the guitar.
10. Faith isn't renovating their basement and doesn't play the french horn.
11. The homeowner who is renovating their kitchen owes less money than the homeowner who is renovating their office.
12. The 5 people were the homeowner who is renovating their office, the patient with the \$370 hospital bill, Faith, the musician who plays the trombone, and the homeowner who is renovating their living room.
13. Serena owes more money than the musician who plays the guitar.
