- Jennifer has fewer baseball cards than Kaelyn.
- Kaelyn didn't participate in the javelin or 100m hurdle competition.
- The astronomer who pointed their telescope at Jupiter is Sierra.
- Either the astronomer who pointed their telescope at Mars or the astronomer who pointed their telescope at Mercury came away with the gold in the 100m hurdle competition.
- The athlete who won the 100m hurdle competition has fewer baseball cards than the athlete who won the long jump competition.
- Of the astronomer who pointed their telescope at Mars and Kaelyn, one has 31 baseball cards and the other has 56 baseball cards.
- Casey didn't observe Mars through their telescope and didn't participate in the pole vault competition.
- The astronomer who pointed their telescope at Saturn is not Jennifer and didn't participate in the long jump competition.
- The collector who has 44 baseball cards came away with the gold in the pole vault competition.
