## Clues for Logic Puzzle: R973TI

1. Alexander's shipment cost 4 dollars more than Oscar's package.
2. The package with the basketball in it cost 3 dollars less than the package going to Lake Forest.
3. Of Ron's shipment and the shipment going to Urbana, one cost \$8.75 and the other contains the computer.
4. The shipment going to Urbana is either Neil's shipment or Alexander's package.
5. Kenny's shipment cost 1 dollar more than the package going to Fontanelle.
6. The package with the television in it didn't cost \$10.75.
7. The shipment with the toaster in it isn't Alexander's.
8. The shipment with the television in it didn't cost \$7.75.
9. Willie's shipment cost 3 dollars more than the package going to Waterville.
10. The shipment going to Waterville cost 1 dollar less than the package going to Urbana.
11. The package with the basketball in it is either the shipment going to Kennebunk or Alexander's package.
12. The package with the fruit basket in it is either the package going to Waterville or the package going to Kennebunk.
13. Of the package that cost \$7.75 and the package with the rare book in it, one is Ron's and the other is going to Saint Francis.
